Offsite Camping Prep-Year 6

Overnight camps away from the Columboola EEC can be a good way for students to explore different environments whilst working on General Capabilities such as social and personal awareness. Campsites can be negotiated for all year levels. These camps will incur a fee for activities, travel for Columboola staff and any camping fees incurred.

Camps in the past have occurred at creek banks local to schools and Carnarvon Gorge. Contact Columboola staff to discuss your offsite camp requirements.

See next link for example timetables.
